inis. katamso

Karya-karya Inis Katamso mengeksplorasi sebuah dimensi yang cenderung intim, yang terungkap melalui teknik lukisan air dan minyak di atas kanvas. Menggabungkan referensi dan karya-karya yang terinspirasi, Inis Katamso menghadirkan berbagai genre seni bertajuk dengan warna yang jernih dan tajam, serta komposisi yang memantulkan keharmonisan. Dengan bentuk-bentuk dan geometris yang menghadirkan kompleksitas, Inis Katamso berinteraksi dengan jalinan bentuk-bentuk yang saling berhadapan secara organik di antara masing-masing karya.

Inis Katamso's works here allow her to explore a subtle and intimate dimension, revealed through the technique of air painting and oil on canvas. An echo to her own motifs, each work here features fine lines, layers of color, and brush strokes that maintain a feeling. Botanic and geometric shapes appear each offering its own composition, along with an arrangement of fluid flowers setting organically between each work.
